Price 5 Cents

Unselfish Advertising Campaign

An advertising campaign that promises to lead the way for more extensive advertising of Palm Springs, is being started this week by the Palm Springs Realty Board, the first advertisement in the campaign to appear Sunday in the society section of the Los Angeles Times.

Sixteen realtors, members of the board, are financing the campaign. They are not advertising themselves nor their business, but are simply extending an invitation to the society folk to come to Palm Springs early this year in order to get the most desirable accommodations. No names, properties, or prices will be listed in the advertisements.

The advertisement is very attractive, for the art work was prepared by Miss Bee Nicoll, well known local commercial artist.

The campaign is a splendid example of unselfish community cooperation, because the realtors are paying to advertise Palm Springs, and not themselves. All other institutions here will benefit equally with the realtors who are paying the bill. The board recognizes the quality and character of Palm Springs, and is upholding that ideal in its advertising.

The Realty Board, however, will appreciate any assistance that may be given it, especially from apartment house owners who will probably benefit most from the campaign.

Following is the text of the first advertisement which will appear in Sunday's issue of the Times:

PALM SPRINGS INVITES YOU
Arrangements can now be made for the leasing of some of Palm Springs' finest desert homes. Present indications point to an unprecedented demand for all kinds of rentals and real estate. Early action is your surest guarantee of being able to satisfy your Palm Springs needs. The nights are cool—the lure of the desert goes on forever.
WE NATIVES ARE EAGER TO SERVE YOU.
PALM SPRINGS REAL ESTATE BOARD

To Build 4 Houses in Winter Haven Manor

Four lots were sold this week in Raymond Cree's Winter Haven Manor by members of Mr. Cree's staff. Homer Jenkins purchased a fine lot and will build soon; Mr. and Mrs. Rocks will also build on a lot they purchased; and two houses will be started for Mrs. Willa Rietzman. Thus four more houses will be under construction soon.

Sales Tax Notices Must Be Displayed

Retail merchants of Southern California are reminded by Ray Edgar, member of the State Board of Equalization from the fourth district, that the board's new regulation, providing for posting of the sales tax separately from the retail selling price, becomes effective October 1.

"This regulation was requested by several groups of merchant associations in the state," Edgar said, "because they believe merchants who have been absorbing the sales tax have been competing unfairly with those who have been collecting the tax from the consumer."

Contrary to various reports, Edgar pointed out, no change has been made in the minimum amount on which the tax is collected, which remains at 15 cents and the entire schedule of taxes is the same as heretofore.

In addition to posting the sales tax separately, merchants are required by the new regulation to display prominently in their places of business, a sign calling attention of patrons to the fact that the sales tax is to be added to all merchandise sold above the 15 cent minimum.

Signs are available at the office of this newspaper.

Chief of Indian Land Office Arrives Here

James Stewart, of Washington, D. C., head of the land department of the Indian department, was here Tuesday to gather additional data to enable him to draft a new bill, permitting the sale of local Indian lands, which will be presented to the next session of Congress.

Mr. Stewart wrote the bill which was defeated in committee during the last session of Congress, because committee members declared the bill left too much power in the hands of the Secretary of the Interior. The bill stated that the method and terms of sale are to be made at the discretion of the secretary.

The new bill to be drafted by Mr. Stewart, will outline explicitly the methods and terms if and when local Indian lands are sold.

Mr. Stewart, who was accompanied here by his wife, left for San Francisco, where he will assist Attorney Fred Baker, who also spent some time here recently gathering data for the Indian land, department, established his office there. Attorney Baker's office was to be in Sacramento, but the department recently decided to have it in San Francisco.

Call Police When You See Suspicious Looking Men

Chief of Police Lloyd Boller asks the cooperation of all citizens in keeping Palm Springs free from crime.

He requests that the police be called whenever anyone sees a suspicious looking character or automobile. The police will investigate immediately. The police telephone number is 5005. After midnight all calls should be given to the telephone operator, who will immediately locate an officer. For the present there is no officer in the police station from midnight until morning.

Andreas Canyon Now Ready for Picnickers

The new road leading to Andreas Canyon palm tree groves has been completed by W. C. Seaton and his crew, assisted by members of the Agua Caliente tribe of Indians. The road has opened to the public the finest groves of the largest palm trees to be found in any of the desert canyons.

H. H. Quackenbush, head of the Indian reservation, has had the Indians working there for some time. One of the features will be a new lake, formed by the damming of Andreas Creek, the new road forming a nine-foot dam. A concrete apron is to be put on the embankment before water is impounded in the lake.

The canyon is now open to the public over the new road.

Approves Editorial And Pays To Reprint It

It is gratifying to a newspaper editor to receive the approval of its readers, especially when one pays to voice that approval. The editor of The Desert Sun was delighted this week to note that the Palm Springs Builders' Supply Co. used the first-page editorial of the September 17 issue in a large advertisement which appears in today's issue of this newspaper, with the heading, "This Is The Truth."

When interviewed yesterday, Manager Clarence Hyde of the Builders' Supply Co., said: "Prospective builders are beginning to realize that building costs have advanced very little over last year, for when they get figures on their plans and investigate the costs of previous years they decide to build now. Costs certainly will not go down, and there are plenty of indications that prices will advance."

Noted Movie Stars Arrive Here Early

Noted motion picture stars and executives are arriving in Palm Springs early this year.

Don Ameche and his lovely wife arrived Tuesday and registered at the Cahuilla Indian Village. They have two children. Don has just finished the picture, "Old Chicago," in which he had the stellar role, and is now resting up for he will soon start on another picture in which he will be starred with Sonja Henie.

Mr. and Mrs. William Gargan have opened their home in the northeastern part of town.

Joseph Schenck has again leased the palatial Wertheimer estate and spent the first part of the week there.

Clark Gable arrived here Tuesday.

New Buildings Now Under Way

Plans were submitted to contractors this week for the Carl deLaitre home, in the north part of town. It will be a large residence. The plans were prepared by the architectural firm of Brewster & Benedict, who also drew the plans for the following residences:

Work has been resumed on the residence for Mrs. Blanche Brill in the northwest corner of Las Palmas Estates. Construction was stopped during the heat of the summer.

Work was also started again on the H. Dalzell Wilson residence in Las Palmas Estates.

The additions to the Colonial House are also being finished this week and a huge reception will be held tonight in the new reception building. The north wing of the building was also enlarged, making it the same size as the south wing, which was built last year.

William Marte is the contractor on the Brill and Wilson residences and the Colonial House.

One of the most interesting improvements is under way in the construction of the addition to the Henry Weinberger residence, which was formerly the R. H. Hood estate. The main addition is two stories in height and will have a unique stair hall with a circular stair with wrought iron hand rail. The lower floor will have an exceptionally large living room, and the sleeping quarters will be on the second floor.

The heating system will be converted into an electric cooling system next spring when the warm weather sets in, the same equipment to be used for both heating or cooling.

As soon as the new additions are completed, alterations will be made in the main building.

Mr. Weinberger is an executive of the Columbia Broadcasting Co., and he spent this summer in Europe. He is in Chicago at present, but will return to Palm Springs early this month.

Luncheon to Honor Harry Sheppard

Congressman Harry Sheppard is to be the guest of honor at a luncheon to be given for him on Friday noon, October 25, at the Desert Inn. It is expected the luncheon will be one of the largest ever given here in honor of an individual. Mr. Sheppard has proven to be a good friend of Palm Springs, and for that reason it is anticipated that most of the citizens will want to come out to greet him. Mr. and Mrs. Sheppard will spend that week-end at the Desert Inn. Reservations for the luncheon should be made early by phoning the Chamber of Commerce, which is sponsoring the event.

ADVERTISE in The Desert Sun for best results.

First Meeting C. of C. on Tuesday

Next Tuesday evening, 8 o'clock, will be the first meeting of the season of the Chamber of Commerce. The meeting will be in the school library. A full attendance is requested, for many important matters are to be discussed. All committees will make their reports. Every resident and property owner is welcome to attend the meeting.

Widen 10 Miles Highway, P. S. To Whitewater

State highway crews have been busy the past two weeks widening the highway from Palm Springs to the junction near Whitewater, a distance of 10 miles. Five-foot shoulders of desert oil mix are being put on each side, which will make the highway about 30 feet wide. Heretofore the soft shoulders of sand constituted a severe hazard, and consequently the improvement will make the highway much safer. The work will be completed within a week. Heavy equipment is being used which greatly hastens the work.

Five Arrests Here Over Week-end

Five arrests were made here over the week-end.

John P. Franklin was arrested on the charge of reckless driving and he paid a \$25 fine in Justice Fredericks' court in Banning on Monday.

Charles Rath drew a year in the county road camp on a hit-and-run driving charge.

Paul Dooley, who received a 90-day sentence last fall, according to local police, was sentenced to four months in the county road camp, after which he must leave the county. He was arrested on the charge of being drunk on the reservation.

Frank Moro was sentenced to 90 days for drunkenness. This was his fourth conviction, it was reported.

A car parked alongside the Del Tahquitz Hotel, which was stolen September 6, was found abandoned in San Francisco this week. The car belonged to James Madden of Los Angeles, guest at the Del Tahquitz. The car was located through teletype messages from the Riverside county sheriff's office.

Ted Rice was arrested by Indian police of the Morongo Indian reservation and is held in the Banning jail on suspicion of assault with a deadly weapon.

Officer Joe Welmas of the Palm Springs Indian reservation took Zenon Estavillo into the local justice court this morning. Estavillo is charged with violation of Section 397 of the California penal code, selling or giving liquor to Indians. Officers charge he has been supplying Indians with liquor for the past two years.

Chief of Police Lloyd Boller stated yesterday that the police department will not tolerate drunkenness on the streets.

Incorporation Committee Meets Today

The incorporation committee met this morning at 10 o'clock at the Desert Inn to hear the incorporation petition which has been drafted by the legal committee, headed by Attorney Guy Pinney. After the petition receives the O. K. of the committee, it will be circulated for signatures.

REALTORS ATTEND SAN JOSE CONVENTION

Several local realtors have signified their intention to attend the State Real Estate Convention in San Jose on October 5 to 9. Among those from here will be John G. Munholland.

Phones Here From N. Y. for Dates

Palm Springs dates have proven to be of such superior quality, unequaled elsewhere, that a lady telephoned from New York City Tuesday afternoon just to have one box mailed to a friend there. She couldn't find anything like the Palm Springs dates in the New York markets.

Mrs. Fleeta Wroughton, owner of the Desert Garden Date Shop, in the Carnell building, was happily surprised when she answered her phone, and the operator announced: "New York is calling Mrs. Fleeta Wroughton." It was Mrs. E. M. Kohnstamm on the line. She had put in a person-to-person call to Palm Springs just to order a fancy box of Mrs. Wroughton's choicest dates to be mailed to the owners of the exclusive Belle Meuniere Cafe in New York. The phone call cost far more than the dates.

Mrs. Kohnstamm is a popular winter resident here each season.

Register All Residents of Reservation

Officers working under the direction of H. H. Quackenbush, Federal agent in charge of the Agua Caliente Indian reservation, are registering all residents of the reservation.

The chief reason for the registration is that the department may more fully assist and cooperate with the residents. Thus it will be able to contact immediately any resident in case of emergency.

This was proven the other day when Mr. Quackenbush received a telegram asking him to communicate news of a death to a member of the deceased's family who, it was believed, was on the reservation. Through the registration files Mr. Quackenbush found the party quickly.

New Building For Oasis Hotel Employes

Employees' quarters that would be considered most desirable by many of the hotel guests, are being completed for Hotel The Oasis.

Hobart Garlick, owner and manager of The Oasis, has long had the reputation that nothing is too good for his guests, and his employees declare that he has followed the same policy with his employees. The new building for the employees bears out that fact.

The building is across the street from the hotel grounds where Mr. Garlick has some very fine property. The building has two apartments, one for Assistant Manager George Linde and his family, and the other for the chef's family. In addition there are more than a score of neat rooms for single employees. The building is divided, one end for the ladies, and the other for the men, each having a separate entrance.

Mr. and Mrs. Linde and their daughter, Carol, returned recently from Lake Tahoe, where Mr. Linde was manager of Pomin's Resort. Mrs. Linde is housekeeper at Hotel The Oasis.

FOREIGN CORRESPONDENT LOCATES HERE

Kurt H. Taylor, foreign correspondent for the London Limited and the Berliner Tage Blatt, arrived here early this week and will make his headquarters in Palm Springs this winter. He has been stationed in Hollywood and is a member of the Hollywood Press Club and the Los Angeles Press Club.

Mr. Taylor crashed in his airplane near San Diego a few weeks ago and still has the scars of the accident on his face.

Attorney Roy Colegate, who was seriously injured in an automobile wreck three weeks ago, is now recovering rapidly in a Riverside hospital. It is expected that he will be able to return to his office in the theatre building by the latter part of the month.

Man Wanted in New York Was Resident Here

Max Silverman, 49, who, it is alleged, lived in a Palm Springs fashionable apartment house last winter, and was registered there under the name of Max Green, is held in jail in Los Angeles under \$250,000 bail on charges involving extortion. He declared he would waive extradition and return to New York, where he was regarded as a mystery figure in labor troubles.

Silverman said he knew nothing of New York charges against him "except what I read in the papers."

Silverman was arrested last Friday by John Frank O'Connell, special investigator for Thomas E. Dewey, New York's "racket busting" prosecutor, working with Detective Louis Nogolli, ending a search that started in 1935.

The arrest was made on a New York warrant charging conspiracy to extort money from a bakery operator.

In addition, according to O'Connell, he faces a possible charge of obstructing justice in connection with the Samuel Druksman murder in Brooklyn, and other offenses.

Silverman talked readily up to a certain point.

"I don't know anything about these charges except what I read in the papers," he said.

"I don't know anything about the Druksman case."

"I represent a trucking association, but represent the employers, not the employees."

"I'll waive extradition and I think it will all be cleaned up when I get back to New York."

"Well, what about this extortion charge?" he was asked.

"You'll have to excuse me, now," Silverman said. "I'm a sick man and I've got to take a treatment."

Investigator O'Connell told detectives he was expecting other officers to arrive shortly from New York to assist him in returning Silverman to the East.

District Attorney Byron Fitts said:

"I was told there were two indictments against Silverman, one charging an attempt to dominate the bakery and confectionery industry in New York and the other one of obstructing justice, in the Druksman murder case. 'The New York grand jury is expected to vote about 20 more indictments against Silverman, I was informed.'"

Silverman has been in Southern California for about a year—in Los Angeles and Palm Springs, it was said.

Claim Additional Public Nurse Needed Here

Dr. W. A. Jones, county health commissioner and T. P. B. Jones, county sanitary commissioner, were here yesterday to confer with Secretary Frank Shannon of the Chamber of Commerce, the school board and other school heads.

Mr. Shannon had reported to the health department heads that another nurse should be employed here due to the fact that Miss Monica Finn, school nurse, would have all the work she could do with her duties as school nurse, and that she could no longer carry on the community welfare work.

At a meeting yesterday at the Shannon home, attended by the two county health department heads, Mr. Shannon, Miss Katherine Finchy, principal of the school, and John W. Williams, members of the school board, the group decided that the best way to handle the matter under existing circumstances would be to have a part-time nurse appointed to work under the direction of Miss Finn. The new nurse would be paid by the Friendly Aid Committee of the Chamber of Commerce, and she would take care of all community welfare work.

Cabazon and Cathedral City being also in Miss Finn's district, she has all she can do looking after the health of school children.

The matter will be presented to the Chamber of Commerce at their meeting Tuesday, and it is believed satisfactory action will then be taken.

Evolution of Firearms on Display Here

Evolution of firearms from the year 1200 to the present day, is depicted in a most interesting display on the wall of Sportsmen's Headquarters, opposite the telephone office. One hundred and sixty rare old guns are hung on the walls, some of them being very rare pieces. The most valuable is probably an old gun in perfect condition, of the 16th century, which was the property of a German nobleman. It is beautifully inlaid with white stone and is all hand-carved with the coat of arms and other insignia. A hand-carved old Arabian blunderbuss is another interesting specimen.

Harry Mann, owner of Sportsmen's Headquarters, has been collecting firearms for the past seven years, and has guns from all parts of the world. A person could spend an interesting half day inspecting the exhibit. Mr. Mann is now labeling each weapon, giving the history of each one.

Sportsmen's Headquarters is now open for the season. A new desert background has been installed in back of the moving targets.

Even Nero, the Bernard dog, has changed. Last year he was a small puppy, but now he is a huge animal, adding dignity to the environment.

PALM SPRINGS DATE MARKET TO OPEN NEXT WEEK

Palmer Gillette, owner and operator of the Palm Springs Date Market, has returned for the season and is preparing for the opening of his date market next week. A large assortment of fresh dates in bulk or fancy packs, as well as other confections will be carried in stock.

GRAYS RETURN FROM DELIGHTFUL SUMMER CRUISE IN NEW CRUISER

Mr. and Mrs. Earl T. Gray returned last week after spending a delightful summer on their new 40-foot cruiser, with the home berth at Balboa. They cruised along the coast and spent many delightful days deep sea fishing in Mexico waters and off the coast of the Corpus Christi islands. The boat has a speed of 25 miles per hour. Mr. Gray's son, Rolland, had a speed boat of his own in which he took his friends for rides. His injured leg, resulting from a shotgun wound in the knee, is now healed, but he must undergo another operation next June.

Mr. Gray is the manager of the Central Hotel, Royal Palms Hotel, and Garden Courts Apartments, all of which are owned by his mother.

PETER PAN PASTRY SHOPPE TO OPEN TODAY FOR SEASON

Mae E. Johnson and Helen Hill have returned to Palm Springs and will open the popular Peter Pan Pastry Shoppe today. They look forward to a very busy season.

The two ladies had intended to enjoy the summer vacationing. Their plans were abruptly halted when, on July 1, they experienced an automobile wreck near Colton. They were taken to a hospital where they spent twenty-one days in recuperating from the accident.

SILK HAT REOPENS TOMORROW WITH NEW MANAGER

Erwin Schulman, owner of the Desert Grill, has taken over the Silk Hat, famous cafe and cocktail lounge in the Central Hotel, and an arch has been cut in the rear connecting it with the Desert Grill kitchen.

Archie Archibald is the new manager of the Silk Hat, which will open tomorrow. The Silk Hat will be open all night, and will serve cocktails until 2 a. m. New equipment has been installed, including the latest type beer drawing equipment which will dispense Pabst Blue Ribbon Beer. Quick lunch foods, broiled steaks and chops will be featured.

Archie, the manager, was with the Lake Arrowhead Hotel Co. for the past six years.

ONLY SMALL INCREASE
IN BUILDING COSTS

(Editorial From The Desert Sun, Sept. 17, 1937)

An erroneous report is current that building costs are much higher this year in Palm Springs than last year.

The Desert Sun editor discussed this matter with several contractors and building material dealers this week, and their statements indicate that building costs are very little higher now than a year ago. One contractor estimated a 5% increase this year.

True, the building trades are organized here with 100 per cent, but the union wage scale, with few exceptions, is no higher than was paid here during the summer and fall of 1936.

There have been no strikes or labor troubles, and it is quite certain there will be none, because wages, hours and working conditions are satisfactory.

Carpenters receive \$9.00 per day, which compares favorably with wages paid last year. Lathers, plasterers, plumbers, electricians, masons and bricklayers have a higher wage scale than a year ago, but not enough higher to make much difference in the cost of building.

Notwithstanding the numerous reports of excessive prices of building materials, the fact remains that most of the materials used in the construction of a modern Palm Springs building are not advanced in prices. Rough lumber, plaster, cement, rock and sand are not one cent higher now than a year ago, and these materials constitute the major portion of a house.

There have been advances in hard-woods and finishing materials, plumbing and electrical supplies and fixtures, steel and hardware.

So many people have taken it for granted that there has been an excessive increase in building costs that few have taken the trouble to investigate. However, those who have submitted their bids, have found that the price increases have been very little.

With strikes prevalent throughout the nation, there is every reason to believe that prices of materials will go up. Furthermore, there is no reason to expect prices to decline, because the 1929 peak has not yet been reached.

Therefore, if you expect to build within the next two or three years, it is economy to build now.

P. S. IMPORTATION CO. REMODELED; READY FOR BUSY SEASON

Palm Springs Importation Co. is prepared for the busiest season Palm Springs has ever had, with an exceptionally large stock of imported and domestic liquors and wines.

Nils Thiebaud, formerly in charge of a liquor store in Santa Barbara, is the new manager of the Importation Co., succeeding Morris Johnson, who has been appointed manager of the Acme Distributing Co. in Las Vegas. Mr. Thiebaud has been with the Importation Co. since last March.

He will be assisted by Jack Horner, who has charge of the retail depart-

ment, and Harold Horner in the wholesale department. Harold arrived here recently from Boston, Mass.

Many improvements have been made in the Importation company's store on Palm Canyon Drive and in the wholesale warehouse next to the Palm Springs Market on Indian Ave. An entrance has been cut in the wall connecting the Importation Co. store with the Palm Springs Drug Co. The firm now has two fine delivery trucks.

Mrs. Mabel J. Harrison and daughter, Dolly, have returned from a tour of Europe, and were here early this week getting ready to open their home on the desert east of the school house. They motored through the various

Remove Poles From Main Street

Within two seasons there will be no telephone poles on Palm Canyon Drive. The plan of the California Water and Telephone Company, which operates the local system, to substitute underground conduits for the present aerial cable has been carried forward rapidly during the hot summer months under the able direction of H. A. Barrows, Palm Springs wire chief.

A tremendously expensive proposition, the work cannot be done all at once. This season will see removal of poles from Ramon Road to Arenas in the south section of the village. However, conduits already have been installed from the telephone building north to the school house and probably will be utilized next season, permitting the removal of the poles from that section of Palm Canyon Drive.

"DOUBLE OR NOTHING" SMASH COMEDY HIT NOW AT PALM SPRINGS THEATRE

MARY CARLISLE, BING CROSBY AND MARTHA RAYE

Scenes that you'll remember, songs that will be hummed by millions, a heap of good wholesome tomfoolery that will tune up your funny bone, plus Bing Crosby and Martha Raye, make "Double or Nothing" which is playing tonight and Saturday at the Palm Springs Theatre.

After warming up in "Rhythm on the Range" and "Waikiki Wedding," Paramount's topnotch crooning and comedy pair strike a musical farce tempo that sets a new peak in scintillating frolic.

Bing and Martha literally lay a velvet carpet for your approach to the high heaven of fun. They casually waft seven new songs to stardom, including "It's the Natural Thing to Do," "It's On; It's Off" and "The Moon Got in My Eyes" and "All You Want to Do Is Dance." They launch a "Swing Band." They introduce a quick-change night club show that will make night club history.

Andy Devine, "gravel-voiced" comedian, is in it, and so is genial William Frawley. With Bing and Martha they make up the four honest fortune hunters who are out to double \$5,000 in thirty days. Plotting against them is Sam Hinds whose lovely daughter, played by Mary Carlisle, is enlisted

to entice Bing from finance to romance.

Each of the four try an original money-making scheme. Three of them fail: Frawley, a victim of a phoney stock manipulation sired by Hinds; Andy, in a hole-in-one golf enterprise, and Martha in a nifty canoe service piloted by chorus girls. This enterprise gives Martha her biggest scene, in which she is backed by a slice of the fleet and a breath-taking comedy routine. It ends spectacularly with the calling out of a riot squad.

The scene that will be long remembered is Bing Crosby's night club show with which he expects to earn a million. This show introduces the "Sing Band," Francis Raye from radio, and a score of headliners of vaudeville and radio fame.

When the success of the show is threatened by the nefarious Hinds, the crooner takes on the Aladdin role, presses a button, and sets the whole night club moving from one building to another, while hundreds of dancers wheel on the floor, the orchestra plays, entertainers perform. It is one of the screen's most sensational wind-ups and incidentally sends Bing off with the fortune and the girl.

CREE ORGANIZATION LOOKS FORWARD TO "BANNER YEAR"

Raymond Cree, pioneer real estate broker of Palm Springs, spent most of the summer in the Village building his home and laying plans for what he considers will be a "banner year" in real estate selling.

Along with his planning Mr. Cree made several sales and reports six lots sold in the Winterhaven Manor tract and one lot in Warm Sands, both tracts having been placed on the market by Mr. Cree.

Katherine Pollak, who is associated with Mr. Cree, returned to the Village from her vacation early in September, and has already to her credit

the sale of two beautiful home sites in Palm Springs Estates.

Tony Burke, another well-known member of this organization, has settled down to hard work after a most pleasurable summer in Europe.

Mr. and Mrs. Jack Cameron have returned for the season. Mr. Cameron having resumed his labors at Tract representative for the Palm Springs Investment Company. Mr. Cree is the exclusive agent for the company's desert properties, of which the Palm Canyon Mesa Tracts are best known.

Excellent Bill At the Palm Springs Theatre

Earle Strebe, manager of the Palm Springs Theatre, has booked a fine group of pictures for the coming week to entertain the villagers.

Tonight and Saturday the outstanding Paramount success, "Double or Nothing," will be shown. This picture stars America's number one crooner, Bing Crosby, and Martha Raye, popular comedian and swing songstress.

Sunday only, "Wild and Woolly" will play at the Palm Springs Theatre. This uproarious "western story" comedy stars popular little Jane Withers, who is ably supported by Walter Brennan, Pauline Moode, Carl "Alfalfa" Switzer, Jack Searl and Berton Churchill.

On Monday and Tuesday Loretta Young, Warner Baxter, and Virginia Bruce in "Wife, Doctor and Nurse," will perform on the local screen.

Wednesday and Thursday 20th Century Fox will present Rudyard Kipling's most famous story, "Wee Willie Winkle" starring lovable little Shirley Temple and Victor McLaglen.

On Friday and Saturday the little boy with the big voice, Bobby Breen, will again come to this theatre in the R. K. O. Picture success, "Make A Wish," to again sing his way into your heart. Co-starring with Bobby in this picture is Basil Rathbone, popular badman, and also Marion Claire.

Suit Filed as Outgrowth of C.I.O. Arrests

Charges of false imprisonment were placed against Riverside county deputy sheriffs and special officers by striking CIO Metropolitan aqueduct workers in three complaints for \$40,000 damages filed in superior court yesterday.

All the officers were listed as John Does, although such partial identifications as "John Doe Scott" and "John Doe Hayhurst" were given in the charges filed by attorneys for the strikers, Charles M. Astle and Claude A. Weltner.

Hugh C. Wilson, plaintiff in one action, asserted that not only had he been wrongly imprisoned for 52 hours but that he had been subjected to such alleged brutalities as being choked and having water poured down his throat. He declared that all those involved in the charges, said to have occurred on Sept. 1, were Riverside county deputy sheriffs.

Two other complaints named Frank T. Parsley as plaintiff. He alleged he was twice arrested falsely, once on Aug. 18 and again on Sept. 9. The complaint for the second alleged imprisonment declares that one of the John Doe defendants is Riverside city policeman No. 13-S.

Riverside police authorities declare that there is no such number, but that badge 13 has been issued to Eddie Feabody, radio and stage banjo artist.

Wilson asks for \$20,000 general damages and \$5000 punitive damages. In both Parsley actions, he asks for \$5000 general damages and \$2500 punitive damages.

When the C.I.O. attorneys, plaintiffs and witnesses arrived at the M. W. D. headquarters in Banning on Tuesday to serve the summons, the deputy sheriffs gave them every assistance possible to locate the John Doe defendants, and officers were brought in from their work as far as eight miles away.

This is the seventh week of the C. I. O. strike which concerns construction of the Colorado River aqueduct near Banning.

Picket lines are still being maintained and police reserves are seen at all hours at Banning and vicinity. Disorders, such as marked the first stages of the strike, are not in evidence.

At the last meeting of the union the leaders expressed their belief in their ability to "carry on" indefinitely.

Progress as reported by the Metropolitan district is expressed in an article from The Aqueduct News, official publication of the Metropolitan district. It appears on another page of this issue of The Record.

At a meeting of C. I. O. Local 270 at Beaumont Wednesday night the men decided to continue their picket lines to all entrances to the local tunnels, it is reported. It was stated by a C. I. O. leader that resources were available to sustain the men for an indefinite time.

Three C. I. O. strikers, alleged to have been implicated in the beating of aqueduct employees, were arrested by sheriff's deputies last week in various parts of Southern California.

John Bacarelli was arrested in Los Angeles last week on the charge of having participated in the beating of Ivan Hallock, Cabazon Scoutmaster and aqueduct employee, in a Whitewater service station on August 30.

Harold Wright was arrested on the same charge when he drove into Cabazon after having been absent for three weeks or more. Officers had been looking for him since the Hallock beating and recognized him as he drove into Cabazon. Both men were arraigned in Riverside and are held on \$3,000 bail.

Ronald G. Paris was arrested in Hemet by sheriff's deputies on the charge of being implicated in the beating of Harold L. Cronk, aqueduct employee, in Beaumont on August 18. Officers followed him over a large part of Southern California before they caught up with him at Hemet. They had traced him to Fullerton, Santa Ana, San Bernardino, Chino, Yucaipa, and other points, and finally to Hemet, where he was arrested. He is held under \$5,000 bail.

Charged with violation of the Riverside county "anti-riot" ordinance Sheldon W. Brown, James Ademole, and C. M. Groves had their preliminary hearing before Judge J. J. Fredricks in San Geronio township court. All three were bound over to the Superior court. Each one furnished bail. Jack Stevens and Ray Terry, held on "anti-riot" charges, gained their liberty. Insufficient evidence was introduced in their cases.

The Los Angeles Herald-Express on Monday afternoon published the following report:

Mothers with babes in their arms and others hanging to their skirts stormed the State Relief Administra-

tion offices here today, demanding immediate food and shelter for their families, penniless because of the strike on the Colorado river aqueduct project of the Metropolitan Water district.

They were part of a delegation that arrived in an auto caravan from strike headquarters in Banning, seeking relief for themselves and other families of the strikers. Accompanying them were 10 representatives of the Mine, Mill and Smelter Workers' Union, Committee for Industrial Organization union, which ordered the walkout of some 1200 men from the project several weeks ago.

There were seven mothers and fathers and 21 children who told Administrator Clayton Trigg they must have relief before tonight. Mrs. Alice Orans and Mrs. Ann Pollock, representatives of the League Against War and Fascism, told officials that unsuccessful efforts had been made to obtain relief for the families in Riverside county.

The delegation arrived in 10 cars bearing banners protesting against their plight. Some read:

"Back to Los Angeles for Eats and a Job."

"Stop Aqueduct Brutality."

"We can't Scab. We won't Starve."

"Fired for Unionism — Denied Relief."

"Refugees From Riverside County Fascism."

A committee of six persons, including the refugees, union officials and Mrs. Orans, went into a conference with Trigg to determine what could be done to aid the hungry families.

"Some of these people I found sleeping under trees," said R. F. Randolph, a member of the strike committee. "Others were in trailers. There are two expectant mothers in this group and there are others at Banning."

DR. W. E. RAFFETY DIES FROM INJURIES

Dr. W. E. Raffety, president of the University of Redlands, passed away at Redlands, Tuesday. His death was due to injuries sustained in an automobile crash near Beaumont last Saturday.

Try a Desert Sun WANT AD.

Dedication of Parker Bridge Draws Throng

Five thousand residents of California and Arizona joined Saturday and last night in the dedication of the new \$120,000 Parker bridge linking the two states.

This opens another Southern California gateway and another transcontinental highway into and through Banning. Thus the traffic over four transcontinental highways through Yuma, Parker and Blythe comes through the Pass. Traffic will follow the paved aqueduct road a distance of about 100 miles from Parker to Desert Center where it joins Highway 60.

Formal dedication ceremonies were participated in by Gov. R. C. Stanford, of Arizona and Harry A. Hopkins, chairman of the California state highway commission, who spent Friday night in Banning. Both expressed the belief that the new connection between the two states would further cement the interests and feelings of residents of the commonwealths.

A host of officials from various communities in both states attended the ceremonies and the day and night of celebration.

The day's events opened at 10 a. m. with the arrival of guests, followed by a luncheon for honored visitors at 1:30 p. m.

At 2 o'clock, a motorcade left to view the Parker damsite into which water will be turned when Parker dam is completed. At 4:30, a colorful parade of officials, more than 1,000 members of the Ancient Egyptian Order of Scots, and representatives of various other organizations, was staged across the new span.

This was followed at 5 p. m. by the dedicatory ceremonies. Saturday night a dance was held on the bridge, followed by a celebration at nearby Stevens dude ranch.

Try a Desert Sun WANT AD.

FEW BLACK BEAR STILL IN HILLS, SAYS JAEGER

American black bear in the San Bernardino mountains, constantly in the news five years ago, because of their troublesome antics, are only gone from the news, not from the forests.

Edmund C. Jaeger, zoologist of the Riverside Junior College, is sure of that, because he saw a bruin at the north end of Lake Arrowhead recently. The animal raced up a hillside when the man approached.

The bears were imported from the north several years ago by the California Fish and Game Commission. Several were shot because they got into mischief. About six or eight remain in the mountains, a forest biologist estimated last year.

A few years ago one or more of the liberated bears raised havoc with an apiary, owned by Councilman C. K. Deweese of Banning. The beehives were in Millard canyon, north of Cabazon, and when the bears had finished their work the hives looked like the wrecks of war. Mr. Deweese was compensated from the state treasury for his loss.

PUBLISHERS AT UPLAND SESSION

Members of the Riverside-San Bernardino unit of the California Newspaper Publishers association met Saturday at the woman's club house in Upland as guests of the publishers of the Upland News.

Neal Van Soey of the Azusa Herald and A. Q. Miller of the Ontario Report presented reports of the recent publishers meeting at Stanford University. Reginald Taylor of the Ontario Herald talked on photo-engraving for the small dailies and weeklies and Marc Goodnow of the University of Southern California and Earl W. Porter of the Riverside Press presented criticisms of newspaper make-up.

The next meeting will be held at Palm Springs on Oct. 30.

Preliminary plans were made for entertaining the California Newspaper Publishers association at its next state convention in Riverside in January.

Among those present were Walter Johnson, Carl Barkow and Harold Barkow.

INDIAN TRADING POST
In the Heart of Palm Springs

Invites You

to see the Indian Arts and Crafts, old Silver and Rugs, gathered this summer from the Indian Reservations of the West.

Visitors Welcome

Chapman Offices Now in New Location

Rufus Chapman, local realtor, is now established in his new offices south of the telephone building. Associated with him are Charles J. Mathews and Edward Wickman, who have been here all summer. Mr. Chapman has been calling here one day a week during the summer, but has been here permanently the past week.

Mrs. Chapman and children, Baby Rita Jo, Mackie and Susie, arrived here yesterday to join Mr. Chapman in their home in the northern part of town. Mrs. Chapman's parents, Mr. and Mrs. A. R. Hoffman, of Cincinnati, Ohio, will live in Palm Springs this winter. Mr. Hoffman, who is a prominent Cincinnati attorney, has been very ill, and he is coming here to recuperate in the Palm Springs sunshine.

Blanche R. Kerner Returns For Season

Miss Blanches Rose Kerner has returned to her studio in Los Arboles, corner Indian Avenue and Tamarisk Road, for her fourth consecutive season in Palm Springs. As in the past she will give piano instruction to individuals or groups, using percussion instruments in addition for the groups of little tots.

She will have groups for pre-school, primary, intermediate, and junior high school students, and private lessons for all ages, including adults.

Miss Kerner has filled an important place in Palm Spring, giving liberally of her time in preparing children for public programs. On May 9th she presented 46 children in a Mother's Day program at the Community church, she having instructed the children especially for the program.

Miss Kerner spent the summer at Big Bear Lake, Whittier and Long Beach.

PALM SPRINGS FIELD CLUB IN SHAPE FOR SEASON

The polo field at the Palm Springs Field Club is in top condition as a result of centralizing summer effort on bringing the turf in finest shape, according to Earl Coffman, vice-president of the club. The buildings and stands are in first class shape and club activities are ready to start, awaiting only the return of several of the club's officials, notably Dr. Henry Hoagland, president.

A meeting of the officials of the Palm Springs Field Club will be held upon the return of Dr. Hoagland and Philip Boyd, another official, sometime within the next two weeks.

It will not be long now before the big sports features of the new season will be under way at the popular local club.

Don Manchester was in town yesterday making arrangements to reopen his radio shop in the Grove building, next week. He spent the summer in Balboa with Mrs. Manchester, who operates the Doll House there. They will open their Doll House, popular tea room and cocktail lounge in the south part of town, on October 15.

Plaza Market Is Open

Sale's Plaza Market reopened today, and business started out exceptionally good.

The market has one of the finest bake shops in these parts, the Peter Pan Pastry Shoppe having its ovens and other baking equipment in the large basement of Sale's Market. Miss Mae E. Johnson is the manager of the bakery, and she employs only women bakers.

Leo Baker and Sam Satlitz have had their delicatessen and liquor department of Sale's Market open during the past week.

Mr. Sale operates the grocery and meat departments.

Sheriff Rayburn Receives Fine Gift

Sheriff Carl Rayburn was given a valuable and beautiful silver mounted bridle on Tuesday, the gift being from M. W. D. Chief Officer Ralph Stringfellow and his deputies in recognition of the sheriff's leadership in maintaining law and order during the aqueduct strike.

The bridle is a specially made Porter bit bridle and has beautiful silver trappings. It will be very fitting for his beautiful horse which leads the Riverside county sheriff's posse.

MISS HELEN MURPHY BECOMES BRIDE

Miss Helen Murphy, charming and popular resident of the village for several seasons, exchanged wedding vows recently in Hollywood with Samuel P. Eastman, Jr., of Woodside. The wedding took place at St. Ambrose's Catholic Church with Father T. N. O'Toole officiating. A reception was held at the home of the bride's parents, Mr. and Mrs. William K. Murphy, on Camino Palermo following the ceremony.

The bride, one of the most attractive and popular members of the younger set in Palm Springs, has been also one of the most active and expert of local equestriennes.

Mr. Eastman is the son of Mr. and Mrs. Samuel P. Eastman, prominent in social circles of the San Francisco Bay region.

Mr. and Mrs. Eastman are motoring north on their honeymoon and will make their home in San Francisco.

MORLEYS RETURN FROM BIG PINES

Mr. and Mrs. A. J. Morley and daughter, Patsy, have returned for the season from Big Pines, where they had spent the summer in this popular L. A. County Play Ground.

Morley, who has been in charge of the barber shop at the Del Tahquitz for a good many seasons, operated the barber shop at Big Pines this summer. They will reside in Cathedral City again this season.

CHARLES FARRELL RESIDENCE SOLD

Dr. and Mrs. James B. Olyver have just purchased the Charles Farrell residence in Merita Vista, and are this week moving into their new home. The Olyvers plan to have a swimming pool and tennis court constructed in the rear portion of their new place.

The deal was made through the office of Harold Hicks, Harold Hicks and William J. Cross handling the transaction.

ADVERTISE in The Desert Sun for best results.

Del Tahquitz Hotel Opens With Large Guest List

The Del Tahquitz Hotel opened today for the season with many new improvements having been made during the summer months. Although partially open and receiving guests all summer, it opens officially for the season today.

Some noteworthy improvements have been made by Mr. and Mrs. Tom Lipps at the Del Tahquitz. Among these are the fashioning of a clever new grill room and the Buckboard Snack Bar, both made possible by enlargement of the bar and utilization of space formerly used for other purposes.

The hotel generally, of course, has been subjected to the usual renovation process which occurs preparatory to each new season.

There will also be some changes in personnel. Chef Wm. Englund, who was with the hotel when it first opened and who recently has been at the Beverly Hills Hotel, returns as chief of the kitchen. Hostess this season will be Miss Sandye Brush. Norman W. Jackson will be in charge of the desk.

LYKKEN ATTENDS DEALERS' CONVENTION

C. G. Lykken, owner of the C. G. Lykken Store, this week attended the semi-annual meeting of the Southern California Retail Hardware Association held in Santa Monica. The body convened in the Club Deauville, Sept. 29.

Mrs. Lykken accompanied Mr. Lykken to the city and the two were gone three days.

MILLS' INDIAN SHOP OPENS TODAY

Mrs. Lola Mills is reopening her Indian Shop today, near the corner of Amado Road and Palm Canyon Drive. She spent six weeks in Old Mexico this summer, where she purchased a large quantity of unique and useful Mexican merchandise, including many interesting pieces of art, baskets and rugs.

Mrs. Mills has operated the shop for the past seven or eight years and has established a fine business here.

Mr. and Mrs. Chuck Morrison are expected back here from Honolulu the latter part of this week.

Whitewater Couple Married at Yuma

The marriage of Miss Jerry Stockburger and Mr. Harry McManus took place at Yuma last Sunday. At the same time Mr. McManus' brother and a lady from Torrance were married there; the occasion being a double wedding.

Mr. and Mrs. Harry McManus have been residents of Whitewater for some time, both being employed at Burke's highway establishment. The bride is a registered nurse who came to California from New York. They have made many friends in the desert area and best wishes are extended.

University Women To Hold Meeting

The Banning-Beaumont-Palm Springs branch of the A. A. U. W. will open its first meeting of the year, with a dinner to be held at the Episcopal parish house in Beaumont, October 11.

An interesting program has been planned which includes a talk by Marie Lehman of New York on "Work Among Women Prisoners."

Miss Lehman is well known in Banning as she was a member of the Banning elementary school faculty at one time.

Special music has been arranged by Miss Eleanor Bird. Mrs. Constance Silverwood is the hostess chairman.

The time of the dinner is to be at seven o'clock. The price is 75c. Those who plan to attend in Banning, make reservations with Robina Hemmerling, those in Beaumont with Ruby Pierce and in Palm Springs with Ellis Gottbehet. Please have reservations in by October 8.

All those who are eligible are cordially invited to attend this meeting and to join the club for a year. Other interesting meetings of which there will be more later will include art, drama, music, travel and international relations.

Social meetings have been planned for Valentine's Day and for high school senior girls in the spring.

Whitewater Couple Married At Yuma

At Yuma on Tuesday, Ethel Glasswhite, formerly of Joplin, Mo., and C. D. Burke of Whitewater were united in marriage. The bride came from Joplin about a year ago and has since been employed at Whitewater, except

FILM IN NEWS SPOTLIGHT: "100 MEN AND A GIRL" AT PALM SPRINGS THEATRE, FRIDAY AND SATURDAY, OCT. 8-9

MISCHA AUER, DEANNA DURBIN AND ADOLPHE MENJOU

The motion picture in the news spotlight is "100 Men and a Girl." The fact that Deanna Durbin has achieved the heights of movie stardom in her second picture, of itself, attaches new interest to this production. The little singer has won the acclaim and sympathy of radio and screen audiences. That the leading musical figure in America, Leopold Stokowski, has devised a new method for enriching screen music and giving it perspective in sound, makes the film increasingly significant.

This Universal comedy drama with music, "100 Men and a Girl," which

for some time spent in Orange county, where her brother is a minister.

Mr. Burke is the well known postmaster and business man of Whitewater and has resided in that locality for a number of years.

The many friends of the happy couple wish for them happiness and prosperity.

Dr. M. L. Lachman, D. C., N. D., has returned for the season and will reopen his offices on North Palm Canyon Drive about October 15. Mrs. Lachman and their three children will arrive later this month.

Dan Jensen, former steward at The Dunes, was a visitor here, Thursday.

CHURCH OF CHRIST, SCIENTIST

"Thus saith the LORD, What iniquity have your fathers found in me, that they are gone far from me, and have walked after vanity, and are become vain?" This verse from Jeremiah is the Golden Text in the Lesson-Sermon on "Unreality" on Sunday in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

A Scriptural selection in the Lesson-Sermon includes these words of Christ Jesus, from Matthew: "Beware of false prophets, which come to you in sheep's clothing, but inwardly they are ravening wolves. Ye shall know them by their fruits. Do men gather grapes of thorns, or figs of thistles? ... A good tree cannot bring forth evil fruit, neither can a corrupt tree bring forth good fruit." Another selection cites the statements of John: "In the beginning was the Word, and the Word was with God, and the Word was God. ... All things were made by him; and without him was not anything made that was made."

One of the correlative passages from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, states: "Everything good or worthy, God made. Whatever is valueless or baneful, He did not make,—hence its unreality."

\$40,000 PRIZE CONTEST

ON THE

ELECTRICAL STANDARD OF LIVING

How would you like to win a \$12,000.00 New American Home planned to fit your needs—and equipped with electrical servants that reduce housework to a minimum?

How would you like to win \$200 worth of electrical appliances that lighten housework and save your strength—a dishwasher, range, ironer, clothes washer, refrigerator or a combination of smaller appliances, whose retail prices total not more than \$200.

You have every chance to win first or second prize—or one of the ten valuable weekly awards.

All you have to do is write 100 words on why the electrical way of living appeals to you. And that should be easy to every man and woman who knows the fun of letting electricity do the work—to everybody who knows the ease and comfort that electrical servants bring into the home, the grand sense of freedom they give, the fun they are to use.

This \$40,000.00 PRIZE CONTEST is open to all. So get started today.

The Nevada-California Electric Corporation

1ST GRAND PRIZE
\$12,000 New
American Home

2ND GRAND PRIZE
\$8000 New
American Home

PLUS
10 Prizes each worth \$200
EACH WEEK for ten weeks.

A total of 102 prizes — \$40,000

First Contest closes October 2 . . . weekly thereafter until December 4. First and second Grand Prizes will be selected from weekly winners.

Boys Steal Car; Lodged In Jail

Robert A. Lombard, 17, and Robert E. Lee, 16, fugitives from a Los Angeles county juvenile prison camp, were arrested Thursday night by San Bernardino police officers in possession of an automobile which they had stolen from Palm Springs, as result of a radio broadcast from the office of Sheriff Carl F. Rayburn.

Lombard, records at the county jail at Riverside disclose, was arrested on July 24 last by Riverside county officers, on a grand theft charge in connection with another automobile theft at Palm Springs, but was released to the Los Angeles county juvenile authorities because he was wanted there to face another criminal charge.

The 1937 Buick coupe which the lads were driving when alert Gate City police picked them up after receiving the radio call, is the property of Archie Carpenter of Fullerton and was stolen about 6:30 o'clock Thursday evening from in front of El Mirador hotel at Palm Springs.

Police Officers H. B. Hutchins and Eugene Jones, who made the catch, took the boys to Riverside. Los Angeles county authorities were notified of their apprehension.

Banning Heights Man Takes Own Life With Gun

His body found lying inside a stable on his Banning Heights property, Louis Bolz, 70, was adjudged a suicide by Deputy Coroner Seymour Cash and investigating deputy sheriffs, Thursday.

Bolz shot himself with a .32 caliber revolver, it was determined by the investigating officials. According to nearby residents a shot was heard at about 6 a. m., Thursday and the body was discovered by Mr. Szuggas, soon afterward.

The man was living by himself and no definite reason for taking his life has been determined, it was declared. The gunshot was fired through the temple, and because the death is obviously suicide, it has been signed out as such without necessity of further investigation or inquest.

The body was taken to Weifels' mortuary pending inquiry to discover relatives of the man.

Accompanying Cash to the investigation were Deputy Sheriffs Paul Pierce and M. L. Vivian.

UNION LIBRARY FACILITIES MAY BE EXTENDED TO PALM SPRINGS

Facilities of the Banning union library may be extended to Palm Springs, it is reported.

The matter was discussed at the last meeting of the library board in Banning and it was pointed out at the time that if the Palm Springs library were joined to the library district, it would be benefited by increased revenue.

At present the Palm Springs library's principal source of income is through private donations. Palm Springs is interested in increasing the facilities of the desert resort library and citizens are investigating the possibility of making the library there a branch of the one at Banning or making it a county branch library.

The Banning Union high school trustees for years have also been trustees of the library board. The library district includes only Banning and Cabazon.

Planning Group To Inspect La Quinta

Personal inspection of two proposed units of Santa Carmelita tract, La Quinta, is to be made next Tuesday by a committee of five county planning commissioners.

Following filing of tentative map of the tract, President Jack Ross named Raymond Cree of Palm Springs as chairman of the special investigating committee, with A. C. Fulmor, county surveyor, George E. Snidecor of Corona, C. C. Coffey of West Riverside and R. L. McKenzie, road superintendent, as members.

Petition to abandon unnamed road in Cabazon district was referred to a subdivision committee of Cree, Fulmor and McKenzie with power to make recommendation to board of supervisors on Oct. 18.

Hit-Run Driver Injures Negro at Palm Springs

Victim of a hit-run accident on Indian avenue in Palm Springs at 6:20 Saturday night, Huey Crossley, 24-year-old Negro gardener of the desert oasis was taken to the county hospital at 10:30, badly bruised and with possible rib fractures. The driver was later arrested.

Following the accident, in which the driver of a light truck was reported to have fled without offering aid to his victim, Police Chief Lloyd J. Bolter of Palm Springs broadcast an appeal by sheriff's radio for a search to be conducted for the man.

It was reported at the office of Sheriff Carl Rayburn that the driver had been apprehended at Palm Springs, and was held for questioning.

Crossley was walking on the east side of Indian avenue, one of the main thoroughfares of the village, when the old-model car is reported to have been driven across the road. It struck him with the left front fender and hurtled him clear of the car.

Treated by a Palm Springs physician, Crossley was taken later by county ambulance to the hospital.

Dr. Holland Returns For Fourth Season

Dr. B. J. Holland, D. C., Ph. C., has opened his office on North Indian Avenue, starting his fourth season. Dr. Holland uses his own method of chiropractic treatment. He was trained by the U. S. government in the best drugless schools while he was with the U. S. army, and he holds a degree of Philosopher of Chiropractic. Mrs. Holland is a trained nurse and assists Dr. Holland in his work.

Dr. Holland owns his home, which he uses also for his office, on Indian Avenue across the street from Lone Palm.

COMMUNITY CHURCH OPENS OCTOBER 3

Dr. R. C. Stone will occupy the pulpit at the eleven o'clock service. Dr. J. R. Macartney will preach on October 10. At present he is on his way home from Egypt and Palestine and may arrive in Palm Springs early next week.

The Sunday School begins at 9:45. Teachers are needed and those who would like to take a class will have the opportunity of teaching the group that they prefer.

The pepper tree grows leaves that jump about as though animated.

Dorothy Watson Opens Studio

Miss Dorothy Watson, who has opened her new and distinctive interior decorating studio in the building of Roberta Seaton on North Palm Canyon Drive, is having wonderful success in her new endeavor. The season is hardly under way and she finds herself literally submerged with work.

Miss Watson has just completed the interior decorating and furnishing of the winter home of Earl Hoover, president of the Hoover Vacuum Company, and also the Skiles residence. Both of these places are at Smoke Tree Ranch. At the present time she is doing the decorating and furnishing of the three attractive new cottages which Jack Grove has just completed in the rear of his business block.

Miss Watson is the daughter of Roy Watson, well known real estate agent in the village for many years. She specializes in drapes, lamps and other phases of decorating, particularly as applied to the desert type home.

INDIANOYA IS NOW OPEN

Indianoya, Indian Trading Post in the heart of Palm Springs, is open for the season with a large stock of merchandise purchased this summer from the Indian reservations of Arizona and New Mexico. Mr. and Mrs. F. H. Watson and Mrs. Altha Wilson are in charge.

Two fires Tuesday brought the state fire truck at Banning to the Morongo Indian reservation.

The first fire occurred several hours before noon and the state truck at Beaumont as well as the one at Banning was called out. Less than an acre of brush was burned off.

The second fire occurred at 3 o'clock on the same day.

MISSING WORD CONTEST IS LAUNCHED HERE BY RANGE MANUFACTURERS

With \$6000 offered for awards in a missing-word and essay contest to celebrate the latest achievement in gas range construction, Southern California gas range manufacturers and dealers today swung into a gigantic seven weeks advertising drive, said to be the largest cooperative advertising campaign of this type ever attempted in this part of the country.

Purpose of the drive is to acquaint natural gas customers of the Southland with new ease, new efficiency and new cleanliness in cooking through the "Mode-O-Mat" type gas range, in which is incorporated the most recent advances in gas range manufacturing. Signifying "modern" and "automatic," the word "Mode-O-Mat" was coined to designate those features of the new type gas range which make it the finest cooking appliance available today, it is stated.

A "Mode-O-Mat" gas range has the following distinctive features and devices: American Gas Association approval, full insulation, full porcelain enamel, oven heat control, automatic lighting, and low temperature oven control; all of which have been perfected only within the last few years.

Procurable in a wide variety of colors and designs, this type of range insures cooler kitchens and uniform oven temperatures through perfected insulation. Accurate cooking results are secured through precise temperature control devices. Automatic burner lighting simplifies operation; and low temperature oven control furnishes temperatures as low as 250 degrees, essential for successful results in many kinds of baking.

As a guarantee of compliance with basic national requirements for safety, durability and efficiency, "Mode-O-Mat" type gas ranges bear the American Gas Association seal of approval.

Commenting on this new type of gas range after inspecting and testing a number of models, Miss Gladys Price, popular Southern California home economist, stated:

"Here is the gas range that home-makers have been dreaming about. It has every device needed for perfect cooking results, and, at the same time, it is so simple and easy to operate that a meal practically cooks itself.

"As far as I can see, the 'Mode-O-Mat' type gas range has everything: beauty, simplicity, cleanliness and accuracy of operation and results, with all the familiar advantages, where gas is used, of speed, dependability and economy.

"With cooking equipment of this type in the kitchen, a home-maker's cooking problems are solved automatically. I can heartily recommend the 'Mode-O-Mat' type gas range as the finest thing so far developed."

Individual features of gas ranges which come within the "Mode-O-Mat" classification are automatic clock controls and minute minders, simmer burners, separate broilers, grills, and various other devices to simplify cooking and assist in securing perfect results.

Details of the \$6000 prize contest may be secured at any local gas range dealer, or at the gas company office. Offered for a correct solution of a missing word problem, and the best 50 word statement on why "I prefer a 'Mode-O-Mat' gas range," is a \$500 first prize, seven additional prizes of amounts between \$400 and \$100, and 232 other awards ranging from \$75 to \$10.

Contest, sponsored by Range Division, Pacific Coast Gas Association, is limited to residents in the territory served by Southern California Gas Company and the Southern Counties Gas Company, exclusive of employees of any of the participating companies.

PALM SPRINGS MEN TO ATTEND GAME IN LOS ANGELES

Several persons from Palm Springs may attend the football game in Los Angeles tonight between the University of Redlands and Loyola University of Los Angeles. The game will be played under the lights at Gilmore Stadium.

Those who have announced their intention of attending this game are Frank Honeycutt, who is employed at Bosworth's Palm Springs Market, and Harold Barkow of The Desert Sun. Both are former University of Redlands students.

Those who attend this game should get their money's worth of thrills and spectacular football as these schools are two of the West's foremost exponents of the modern wide-open type of play.

Redlands, the under dog, with the largest and heaviest squad it has had for several years, sparked by All-Conference Jimmy Blaisdell at the quarterback position is in line to upset the "dope bucket" and perhaps repeat its win of two years ago over the Loyola Lions.

Try a Desert Sun WANT AD.

New Type Fuel Is Introduced By Ransom

Max Ransom, owner and manager of the Desert Fuel Co., has purchased 50 acres of Red Shank wood in the San Jacinto mountains, above Idyllwild, and has workmen there now cutting the wood into stove and fireplace lengths.

Red Shank wood is new to Palm Springs, and is seldom seen anywhere else. It is of the Manzanita species, being very hard and heavy, and burns like hard coal, emitting intense heat. It also burns long, leaving very little ash, which is pure white and flaky. The wood is very clean and can be handled without soiling the hands or clothing. It has a paper-like smooth bark that burns like excelsior, consequently the wood has its own kindling. It is said the wood goes twice as far as any other wood, consequently is the most economical.

Mr. Ransom has dignified the fuel business and has done a great deal to educate the public in quality and full measure. "Very few people seem to know just how much wood there is in a cord or tier," he said this week. "We have it piled up so they can see for themselves." It is said that unscrupulous "wood peddlers" selling wood at a so-called lower price have swindled many people, often times delivering no more than a half cord, representing it to be a full cord.

The Desert Fuel Co. is prepared to give day and night service. The public is invited to visit the wood yard, on Andreas road east of Indian Ave., where they will learn many interesting things regarding fuel.

Mr. Ransom carries fuel of all kinds, coke, charcoal, pres-to-logs, kindling, mesquite, eucalyptus, pine, oak, tamarisk, apple, and kindling. Free delivery to all points in the village.

Decker Is Again On Deck

Z. V. Decker, real estate broker who has his office in the Hannahs building opposite the Standard Oil and is ready for a very busy season. Mr. Decker stated yesterday that he has received many calls for rentals, and that there indications of brisk sales. He spent the summer vacationing at Huntington Park, his former home.

CLARIDGE GRILL IS ENLARGED; OPENS OCTOBER 10

The Claridge Grill has been undergoing extensive additions and improvements during the summer. The floor space and seating capacity of the grill has been increased more than one-third. Seating capacity will be 140.

Circular booths are being installed in the cafe, and the cocktail lounge will have French tables.

Mr. and Mrs. Victor Claridge have been here the past week getting ready for the opening. They spent the summer in Big Bear Valley.

FREAK ACCIDENT OCCURS AT PALM SPRINGS TURN-OFF SUNDAY MORNING

A strange accident occurred early Sunday morning at the intersection of the Palm Springs road and U. S. Highway 99. Ralph Shaw, who operates the new Texaco service station on South Palm Canyon Drive, was returning to the village in the early morning hours. As he approached the intersection of the main highway and the Palm Springs road, Shaw told authorities, he fell asleep at the wheel; and failing to negotiate the corner, the car crashed through the heavy stone wall of the northeast corner of the Three Musketeers building.

The car went through the wall and just missed six people who were sitting at a table inside. Shaw and two passengers who were with him were only slightly injured and also the six persons around the table escaped with but minor injuries, according to the reports to the authorities.

PEGGY GILLILAND RETURNS FROM ALASKA

Miss Peggy Gilliland, Los Angeles Times correspondent here the past few years, was here a few days this week. She spent two and a half months in Alaska this summer, visiting for three weeks with Miss Mary Joyce, former Hollywood nurse, who traveled alone with dog team, 1000 miles from Juneau to Fairbanks, in mid-winter. She is the owner of Tahu Lodge, 40 miles up the Tahu river.

Miss Gilliland spent much time traveling inland off the beaten paths, and she made her headquarters at Juneau. She found some very interesting and quaint old characters in the old mining towns and Indian villages, which will be featured in newspaper articles she will write.
